## Eco Tours

### COBA RUINS

\$50 - Coba is located among five lakes in the middle of the jungle and was once home to about 50,000 people. One of the most outstanding features of Coba is the incredible number of sacbe (elevated roads) that connect parts of Coba with other Mayan cities.

### CENOTE DOS OJOS

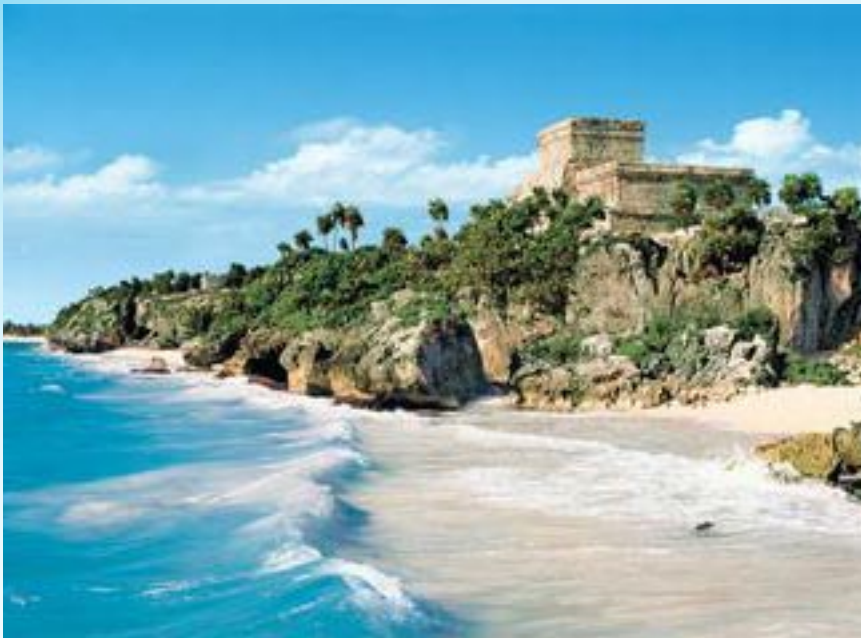

\$55 - Meaning “two eyes,” Cenote is located 48km (30 miles) south of Playa del Carmen. Enter through one of two separate pools and explore an intricate, and surprisingly clear, maze of caves and decorations. This wonder is to experience its expansive cavern, which is considered to be one of the longest, and most decorated, underwater cave systems in the world.

### AKTUN CHEN & CENOTE XUNAAN HA

\$55 - Visit the 5 million year old Aktun Chen Caverns where one can enjoy thousands of stalactites, stalagmites, and natural sculptures. While inside the caverns, you will learn about their formation. Later, enjoy a refreshing dip in the Xunaan Ha Cenote (fresh water sink hole).

## Eco Tours

### TULUM RUINS

\$40 - The Tulum Ruins sit atop white, sandy beaches on fortress-like limestone cliffs overlooking the turquoise waters of the Caribbean coast. It is the only Mayan city to be found along the sea and was considered to be a trading center.

### SIAN KA'AN MUYIL EXPERIENCE

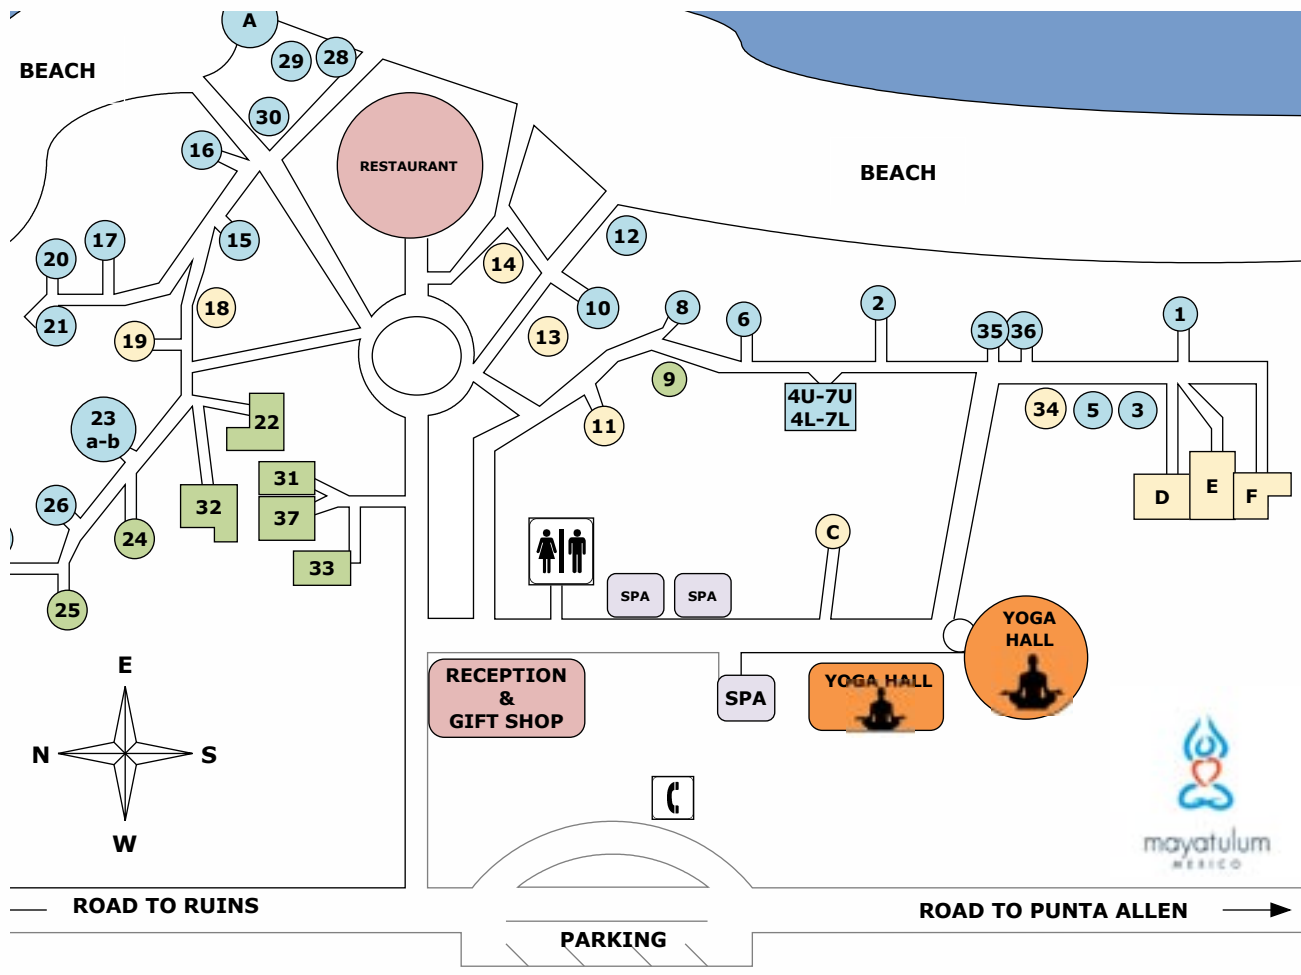

\$80 - Reaching these coastal ruins, a guide will show you the Muyil site and explain the importance of this ancient Mayan trading post and the importance of Ixchel, the moon goddess of this city. Once you meet your local skipper, you will embark on a 2 hour boat trip across the Wetlands. Visit the secret Maya temple and jump in an ancient canal built by the Maya.

### YALKU LAGOON

\$55 - A calm, clear environment for beginner snorkelers. The lagoon is inhabited by multicolored tropical fish and has nice coral formations. The lagoon is a mixture of fresh and salt water and is refreshing after a long day at the beach. It is a very special ecosystem, so please help to protect this resource by not wearing sunscreen or feeding any of the fish.
